## Academic Director's Desk

Children always dream to attain a glorious status in life, they want to lead in the field of business, music, dance, sports, painting, etc. some of them want to explore excellent careers in the field of various sciences or in administration, etc.

Magnificent dreams are important and help in deciding the goals but before aiming for anything you should be aware of the ground reality, you should hone for the skills required and work hard to attain the same.

There are unlimited possibilities unexplored, waiting for you, so recognize the powers that you all have inside but have never dreamed of. You can do things you never thought of. There is no limitation in what you can do, except the limitation in your own mind.

So pull up your socks and be ready to explore the exciting world, do lots of research, think out of the box, be innovative, grasp good knowledge and learn as much as you can while you are young since life becomes too busy later. I would suggest you:

- Take your own responsibility, you are the master of your own mind and body so involve yourself in productive engagements.
- Get up Early and start your day with little stretching exercises, and do little meditation to increase your concentration. Take healthy food so that you feel lighter and more energetic. Go early to bed.
- Adopt the value of simplicity and be simple, it will help you to stay grounded.
- While researching along with the survey and books, make maximum use of internet also. Now how much time you are going to devote to gadgets and for what purpose will determine the learning outcome.
- Reading good books always enhances your vocabulary, writing skills, and communication skills and generates new thinking, and above all increases concentration.
- Solve puzzles to train your brain to be logical and it enhances problem-solving skills also.
- Develop one hobby which enhances your skill and master it. You will feel happy and feel more confident.
- Spend some time in nature
- Introspect frequently and make your learning strategy accordingly.

Always remember that time is a treasure and you have only 24 hrs. in a day so how are you going to spend your time will decide your future. Time management is an art and will be possible with self-discipline. I believe discipline is the ultimate key to success as it determines your approach toward life. Discipline keeps you focused and keeps you performing excellent" Focus of the mind is very important for the success, Swami Vivekananda said that difference between an extra-ordinary person and an ordinary person lies in the degree of concentration. So be determined, be focused explore the world!

# Celebrating 75 Years of Independence

## Patriotism through Indian Cinema

In the beginning of Tryst with Destiny speech, Pandit Jawaharlal Nehru expressed his emotions to the nation when he said, "Long years ago we made a tryst with destiny, and now the time comes when we shall redeem our pledge, not wholly or in full measure, but very substantially.

Since independence, many biographical films about patriots, like Shaheed-e-Azam (2002) and The Legend of Bhagat Singh (2002) fall in the same genre. A movie named Netaji Subhas Chandra Bose: The forgotten Hero was released in 2004; the movie represents all the sacrifices, struggles and works of Netaji. Several films of events after independence were also released. Haqeeqat, a film released in 1964 shows the courage of our freedom fighters in the Indo-China war in 1962. Border released in 1997 is considered to be one of the best cinemas depicting war and patriotism.

Indian Cinemas have always been a motivation to our young soldiers, sportsmen, and all renowned personnel.

They were, they are and they will be enriching our hearts with patriotism.

## India's Intangible Cultural Heritage: A Global Treasure

India's 5000-year-old culture and civilization are the foundation of its intangible cultural heritage. Indian culture was never stagnant; it has always been dynamic. Many sources describe it as "Sa Prathama Sanskrati Vishvavara ". From the beginning, India's seclusion was never complete. This led to the emergence of a sophisticated pattern of civilization, which is amply illustrated by the intangible arts and cultural practices that span Ancient and Modern India. Heritage extends beyond museums and collections of artifacts. As well as oral traditions, performing arts, religious and cultural festivals, and traditional crafts, it also encompasses customs or live expressions that have been passed down from our ancestors to our descendants. A country is defined by its borders and geography, but its biggest identity is and always will be its language. India's diversity of dialects and languages is both a source of strength and a sign of its cohesion. The country's well-executed secular example is defined by the population's heterogeneity and ethnic variety, but our "Nation" is what unites us; it's the UNITY In DIVERSITY, we, Indians stand for.

# TRANSFORMATION JOURNEY DIGITAL INDIA

“Transformation to the power of digital” is the new mantra ruling the world today. But what exactly is this digital transformation? It is the real game-changer, it transforms the slow paced organizations into fast-moving ones. It opens a wide vista of opportunities never experienced before, and now that was once a necessary journey, but is now an urgent priority.

India is at the cusp of a major revolution. “Start-up India & Digital India” are being promoted by the government of India. From the huge pile of files and the tedious manual work, digital India is now a paper-less, faceless & cashless economy.

Pandemic created unprecedented challenges. All segments of the economy rose to the occasion & faced the challenges head-on.

let's have a sneak peek:

Number of sectors are getting digitalized as Education's strategies are getting digitally strong where 1.3 billion students faced disruption in learning, digitization made it possible for learning to reach each child in the confines of their homes.

E-newspaper is also one of the great achievements as Hindustan Times, The Times of India etc. all have digital presence. Digital news has enabled small players to enter the field. Small black & white N.P.-----> coloured-pics -----> Glazed paper -----> Digital news. This is an amazing transformation. This is not yet ended, digitization in E-banking paytm, phone pay etc. has come a long way in defining the way we make payments .

We understand that “Digital transformation” is not just adding a layer of digital to business to join the “Pro” group. It's about shifting gears to a whole new way of working, thinking & staying ahead of the curve.

## Patriotism Saga

Patriotism is something we show for our country  
As well as for the people who protect us, staying by the boundary.

Helping people and following the rules, those  
who don't are such big fools

It's such a proud feeling to see our flag wave,  
Thinking of the people who were treated as slave  
and then came the fighters who were so brave.

If I am being honest, I still think history is a mystery,  
Made by the proud Indians  
who saved the future generations from such big misery.

So let's devote ourselves, for the love of our country  
Following the steps of Gandhi,

**Let's make a peace treaty over a cup of tea!**

## Patriotic Fervour

### Vande Matram!

Patriotism is not only to sacrifice one's life for the nation. Patriotism may be one's loyalty for the nation, respect for the nation and most importantly love and honesty for the nation. True patriots are those who have strong determination to do something for the nation and they never ask what the country can do for them, they say what they can do for the nation.

We regard our country as mother and call it mother India. Mother India is truly blessed with patriotic citizens and we have many examples before us.

Shaheed Bhagat Singh, who sacrificed his life for the freedom of mother India and was hanged to death by British colonizers at the age of 23 years. Mahatma Gandhi, who devoted his life for the well-being of the countrymen. Major Som Nath Sharma, Captain Vikram Batra and many more.

Patriotism cannot be imposed on someone, it is a feeling that comes from the core of the heart and a strong desire that cannot be left uncompleted. Patriotism unites people to defend their nation and also work for its growth and prosperity.

## This land is mine

The cage was mine  
And so was the flight

The flight of mine  
Of all the love  
That I could give

My heart swells with love and pride  
For the country where I live

The land of gold  
And colour and of beauty  
Here on this land of mine

I will always find joy and ecstasy

## 'मेरे सपनों का भारत'

\*\*\*\*\*

जब हम मनाएंगे 'सौ वाँ स्वतंत्रता दिवस' तब कैसा होगा? मेरे सपनों का भारत!

मेरा देश भारत। दुनिया के प्रसिद्ध देशों में से एक है। इसके भौगोलिक पर्यावरण, संस्कृति, परंपराओं की विशेषताओं के कारण यह एक महान देश के रूप में जाना जाता है। हमे अंग्रेजों से सन् १९४७ में अज़ादी मिली थी, तबसे हमारा देश उन्नति के मार्ग पर चल रहा है। और इस वर्ष हम ७५ वें स्वतंत्रता दिवस पर 'आज़ादी का अमृत महोत्सव' मना रहे हैं। जो गर्व का विषय है।

परन्तु आज़ादी के ७५ वर्षों बाद भी कुछ चीजें अभी भी हैं जिन्हें हम सबको सुधारने की आवश्यकता है सर्व प्रथम अपनी मानसिकता को बदलना होगा जो स्वतंत्रता प्राप्ति के बाद भी पाश्चात्य संस्कृति से प्रेरित है। इसके अलावा शिक्षा और रोजगार, धर्म और जाति के नाम पर दंगे, भ्रष्टाचार और भी हज़ारों विकृतियाँ हैं जिन्हें सुधारना जरूरी है।

भारत ने पिछले कुछ दशकों में विज्ञान प्रौद्योगिकी शिक्षा और अन्य क्षेत्रों में विकास देखा है।

मैं पूरी तरह से विकसित देश के रूप में भारत का सपना देखता हूँ। जो न केवल विकास के क्षेत्र में उत्कृष्टता हासिल करेगा, बल्कि अपनी सांस्कृतिक धरोहर बरकरार रखेगा।

## क्या कहते हैं? तिरंगे के तीन रंग

\*\*\*\*\*

तिरंगा हम सभी का मान है, सम्मान है। इसकी आन के लिए न जाने कितने वीरों ने अपने प्राणों का बलिदान हँसते-हँसते दे दिया। आज हमारी आज़ादी को 75 वर्ष होने जा रहे हैं और हर वर्ष तिरंगा शान से लाल किले पर फहराया जाता रहा है। लेकिन इस तिरंगे के तीन रंग क्या कहते हैं? हम सभी के अपने तिरंगे में तीन रंग होते हैं और हर रंग का विशेष महत्त्व है।

सबसे पहले केसरियाँ रंग है जो देश की ताकत और वीरो की शौर्य गाथा का प्रतीक माना जाता है। ये रंग हमारे देश के जवानों की शहादत का प्रतीक है।

दूसरा रंग है सफेद, ये रंग देश की शांति का प्रतीक है। इसके बीच में सम्राट अशोक का धर्म चक्र है। जो देश की प्रगति का प्रतीक है।

तीसरा रंग है हरा, ये रंग हमारी उन्नति का प्रतीक है।

भारत की दुनिया के विकास में एक बहुत महत्वपूर्ण भूमिका है और इस राष्ट्र - की पहचान है हमारा तिरंगा है।

## समय के ललाट पर

\*\*\*\*\*

जब अंग्रेजों ने झुकाया भारत का मस्तक, रानी लक्ष्मी ने दे दी भयंकर युद्ध की दस्तक। जब जब मुगलों ने दी युद्ध की ललकार, शिवाजी ने दिया जवाब देकर सिंह दहार।

है वो किस्मत वाले जिनका जन्म हुआ है इस पावन भूमि पर, जिसका सर मुकुट हिमालय है और चरणों में हिंद महासागर। इतनी सुंदर मेरी भारत माँ जिसका विश्व में सभी करते बखान, जिसकी शहीदों ने मिटकर भी सुरक्षित रखी आन।

## राष्ट्रपिता महात्मा गांधी

\*\*\*\*\*

महात्मा गांधी भारत के एक महान व्यक्ति थे जो आज भी देश और विदेश के लोगों को अपनी महानता की विरासत से प्रेरित करते हैं। गांधी जी का जन्म 2 अक्टूबर 1869 में गुजरात के पोरबंदर में हुआ था। वे बापू और राष्ट्रपिता के नाम से भी जाने जाते हैं। बापू ने भारत को ब्रिटिश शासन से आज़ाद कराने में अविस्मरणीय भूमिका निभाई थी। उन्होंने अनेक आंदोलन किए जिनमें कुछ प्रमुख आंदोलन जैसे सत्याग्रह दलित आंदोलन, चंपारण आंदोलन थे। भारत छोड़ो आदि आंदोलन शामिल हैं। उनके द्वारा किए गए आंदोलन से भारत के कदम आज़ादी की ओर बढ़ते चले गए और 15 अगस्त 1947 में हम पूर्ण स्वतंत्र हो गए।

## सुविचार

\*\*\*\*\*

वो भारत देश है मेरा, जहाँ खिलते हैं फूल और होता है, सुनहरा सवेरा, जहाँ दिलों में होता है प्यार और माँ के हाथों में है दुलार। जहाँ दिल कहता है कि, किसी का दिल न टूटे बार बार

वह आज़ादी व्यर्थ है अगर उससे मनुष्य या लोगों को शारीरिक, मानसिक, सामाजिक और मनोवैज्ञानिक तौर पर खुशी न मिले।

## देश भक्ति

\*\*\*\*\*

देश भक्ति की आग जगी है, अब तो कुछ कर दिखलाना है। सबको पीछे छोड़कर भारत का मान बढ़ाना है।

भारत माँ ने ही मान दिया दिये इसी ने प्राण। इसकी ही खातिर होता है हम सबका सम्मान। अब बारी आई हमारी, इनका ऋण चुकाना है सोने सा इन्हें सज़ाना है।

देश भक्ति की आग जगी है, अब तो कुछ कर दिखलाना है इस देश में मेरा जन्म हुआ ये बात बड़ी अभिमानी है। अब भी हर नर में राम बसे और नारी में बसती सीता है। जीवन का ढंग सिखलाती है, अब भी भगवत् गीता है। जिस से प्रथम विश्विद्यालय, और पहली सभ्यता सुहानी है, जिस देश से शुरू हुई शून्य, दशमलव की कहानी है। यह आर्यभट्ट ने किया शुरु, गणित सभी ने माना है।
